

Electrospinning: Principles, Practice and Possibilities 2015

3–4 December 2015

Hallam Conference Centre, London, UK

Organised by the IOP Dielectrics and Electrostatics, and Polymer Physics groups

<http://electro15.iopconfs.org/>

Electrospinning, Principles, Possibilities and Practice 2015 will reflect the multidisciplinary nature of the science involved with and supported by electrospinning. The fourth in a highly successful series of conference on all aspects of electrospinning.

An exhibition will be held alongside the conference. It will take place from lunch-time on 3 December to the afternoon refreshment break on 4 December. Set up will be available on the morning of 3 December.

It is an opportunity for companies working in the above areas to showcase their products and services to a captive audience. The exhibition will be held together with lunch, refreshments and a poster session. The event aims to attract between 70-80 participants.

Location

The exhibition will be held at the Hallam Conference Centre in central London close to Euston and Kings Cross St Pancras rail stations, and several London Underground stations. The lectures will be held in the Regency Suite, located on the 1st Floor. The catering together with the exhibition, and poster sessions will take place in the Council Room on the ground floor.

Booking your exhibition stand

To secure your space, please contact Dawn Stewart. Space is allocated on a first-come, first served basis. A floor plan is included overleaf.

Exhibition package

£300+VAT*

The exhibition package includes a 6 ft table, two chairs, electric power socket and free WiFi internet access. Plus:

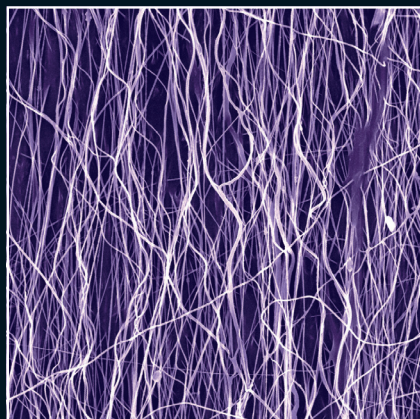

- A profile of your company will be included on the website with your logo;
- A link to your homepage from the conference website;
- Access to the technical sessions on the days of the exhibition;
- Catering will be provided during the exhibition for one representative. This includes lunch and refreshments on both days and a drinks reception during the poster session;
- One A4 insert in the conference packs:

VAT is charged at the prevailing rate, currently 20%. If the rate is altered as a result of government legislation, charges may be adjusted accordingly, the Institute's VAT registration number is 461-6000-81.

Why sponsor?

- an opportunity to promote your organisation and raise your profile within the wider community;
- promote your company name to national and international participants prior to, during and after the conference – these include decision makers, scientists and students;
- demonstrate your commitment to assisting the development of young researchers;
- your support of the conference will be acknowledged widely through web-based and printed material;
- sponsorship contributes significantly to the promotion, planning and operation of the conference, reducing the overall cost of managing the event and enabling a higher level of participation.
